Affairs of Weber County

Former Commissioner Joseph Stanford Appointed Poor Clerk At Salary of \$80 Per Month.

CAR BLOWN UP BY POWDER.

Brakeman T. W. Murphy Injured—Funeral of Banker Guthrie—Damage Suit Compromised.

Ogden, Nov. 13.—At the session of the county commissioners yesterday the board appointed former Commissioner Joseph Stanford as poor clerk at a salary of \$80 per month. Mr. Stanford has been acting in that capacity since he tendered his resignation as a member of the board. He has perhaps a better knowledge of that class of the county work than any other person, due to the fact that he has handled it for so long and his appointment will permit the county to continue the handling of the indigent people along the same lines heretofore adopted.

The petition of the Utah Light & Railway company, asking for that company the right to construct and maintain a system of poles and transmission lines along all of the county roads for a period of 50 years, was granted. The application for the franchise was presented at the previous session of the board. The purpose of the franchise is to enable the power people to extend their system to the smaller settlements of the county. In this connection it is said that they will spend at least \$300,000 in this county.

R. E. Harris of the special auditing committee appeared before the commissioners in regard to the amount of compensation to be allowed himself and Mr. Hollingsworth for the auditing of the county books. He insisted that \$1 per hour should be paid for each man and the matter was laid over for another week.

Instructions were issued for the immediate collection of damages from the stock owners for the damage done by their herds to the Ogden canyon road. Together with Assessor Edwin Dix the commissioners organized into a board of canvassers, with Commissioner W. G. Wilson as chairman. The first district Ogden county was completed after which an adjournment was taken until today.

CAR BLOWN UP.

Brakeman T. W. Murphy Injured by Explosion of Powder.

Ogden, Nov. 13.—While the train was running at full speed, a consignment of powder loaded into a car of merchandise in a Southern Pacific train, exploded, blowing off the upper part of the car and fatally injuring a brakeman named T. W. Murphy of this city. Although the explosion was a heavy one, the force went upward, leaving the trucks on the rails and the bottom of the car intact thus preventing a serious wreck.

The accident occurred at a small station named Teck on the main line, 33 miles west of Ogden and but a short distance from Jackson, where the disastrous explosion occurred a few years ago. The powder was shipped from a Salt Lake firm. There was nothing on the outside of the car to show that there was a shipment of powder loaded therein. Ordinarily this is done, but it was omitted by some one in this case. Accordingly the car was placed in the train next to the locomotive. It is supposed that a spark from the engine got into the interior of the car through some opening and started a small fire which ignited the powder. At the time of the accident, Head Brakeman, T. W. Murphy was riding in the engine cab and was looking out of the window. The flames from the explosion enveloped

him and burned him quite badly about the head and face. He was brought to Ogden and taken to the Ogden general hospital for treatment. Although the accident occurred Sunday afternoon word of the same was not received here until yesterday.

FUNERAL OF BANKER GUTHRIE.

The funeral of John William Guthrie, the Ogden banker, was held at the Masonic temple at 2:30 o'clock yesterday afternoon and was largely attended. From 10 until 12 o'clock the body lay in state at the home of A. R. Heywood, 675 Twenty-fifth street, where hundreds of relatives and friends filed past the bier. A guard of Knights Templars were stationed to watch the casket during these hours.

From the Heywood residence the body was taken to the home hall in the new Masonic temple where the principal services were held. Grand Master S. W. Badson officiated and Rev. E. I. Goshen of Salt Lake, preached the funeral sermon. At the grave in Mountain View cemetery the Masonic ritualistic work was conducted.

Out of respect to the memory of the deceased the banking institutions of the city closed their doors at 2 o'clock, the employees attending the services in a body. Judge J. A. Howell of the Second district court ordered an adjournment of court at 2 o'clock, also out of respect to the memory of Mr. Guthrie, to whom he paid a high tribute of praise.

PROVO TO HAVE LIGHT PLANT.

Small Plant to be Built at Once, Larger One Later by Bonding.

Special Correspondence.
Provo, Nov. 13.—The question of building a municipal light plant for Provo was discussed at length in last night's session of the city council. Councilmen Johnson, Miller, Powell, Partridge, Giles, and Gray spoke in favor of a small plant as a starter, and President Both favored the small plant, if it could be built without bonding. Councilmen Both, Powell, Van Wagener advanced arguments against the small plant. Mayor Frisby favored the large plant, but did not object to the building of the small plant if it would not interfere with the final erection of the small plant.

The majority of the council finally decided to erect a small lighting plant without bonding and the council directed the attorney to prepare the necessary papers for holding a special election for voting on bonds to build a large plant.

This means that the small plant will be built first, with money not obtained from bonding, and that a bond election will be held for the taxpayers to vote bonds for the erection of a large plant.

The cost of the small plant will be about \$15,000, while the cost of the large plant will be about \$80,000, and bonding capacity at the city is about \$65,000. The theory of building the small plant first is that it can be completed earlier, and the current used for lighting the streets and the plant used

received an account of an unprotected hole in the street, two which he rode his bicycle. The accident occurred Aug. 23 last, on Twenty-seventh street, between Adams and Jefferson avenue.

The \$25,000 damage case of Daisy E. Stigers against the Union Pacific Railroad company was settled yesterday by a compromise judgment in which the plaintiff is given \$1,250. The action arose over the death of the plaintiff's husband, who was killed in a wreck at Ah-Say station, Dec. 7, 1905.

The funeral of Florence Horn, the 4-year-old daughter of Mr. and Mrs. Gustave Horn, will be held at the Mount Fort meetinghouse at 2 o'clock tomorrow morning.

CITY COUNCIL SESSION.

A. E. Weatherly Succeeds Robt. D. Paine as Councilman.

Ogden, Nov. 12.—At the Ogden city council last night a successor was elected to Robert D. Paine, who was ousted some weeks ago from his councilmanic office from the First ward for alleged misappropriation, to not infrequently others of illegal fees. A. E. Weatherly, a prominent business man of Ogden, was selected in his place, though other nominees were favored, including Henry Emmett, but the names of the others were not mentioned before the council.

The ordinance licensing fortune tellers and skating rinks at \$30 a quarter, which had passed its third reading, became a law. The same rate is paid by the high and low class skating rinks, by the professional fortune tellers and the old women who tell fortunes by the teacup and charge 50 cents for each fortune.

NO CASE OF PNEUMONIA ON RECORD.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Poley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not miss chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Poley's Honey and Tar and refuse any substitute offered for sale by J. H. Hill Drug Co.

NEPHI.

IN JUDGE GREENWOOD'S COURT.

Three Divorces Granted—Ed Wardle Receives Six Months' Sentence.

Special Correspondence.

Nephi, Juab Co., Nov. 10.—Judge Greenwood commenced the regular fall term of court here on Thursday, and the first day disposed of a great deal of probate and other matters.

Edward Wardle pleaded guilty to an offense with a young girl and was sentenced to six months in the county jail. Salmon J. Keeler was granted a divorce from Lydia O. Keeler on the ground of desertion.

Martha Alice Tanner was released from the bonds of matrimony with Lawrence Tanner on the ground of desertion, failure to support and cruelty. According to the testimony of Mrs. Tanner her husband used to beat her with considerable regularity.

Nancy Dority, nee James Dority, plaintiff was given a divorce on the grounds of desertion; also \$25 a month alimony and \$50 attorney's fee.

The case of R. M. Johnson against the Jenny Gold Mining Co., has been in progress of trial for three days, and will probably not be concluded for several days to come. This is a case for the convenience of witnesses and attorneys, was transferred from Juab county. It is a suit where the plaintiff is seeking to acquire title to a certain mine which is partly situated in State Lane mining district in Iron county, and partly in Eagle Valley mining district in Lincoln Co., Nevada. The plaintiff claims the property by grant, location and is protesting against the issuance to the defendants of a patent for the same property. That part of the property which was situated in Nevada was litigated in State Lane about a year ago and the plaintiff was given a third interest in the prop., or that court. The issues as presented in this court however are somewhat different from what was presented there.

VERNAL.

UNTAH GOES REPUBLICAN.

With Good Margins—But One Democrat Elected.

Special Correspondence.

Vernal, Uintah Co., Nov. 9.—The republicans in Monticello and Brown's Park are yet to come in, but they will only increase the Republican majority.

A few of the leaders will show how the vote went in this county.

Congressman—Howells, (R.), 537; Powers, (D.), 438; Burt, (S.), 67.

Supreme Judge—Frick, (R.), 478; Whitcomb, (D.), 465.

State Senator—Brinkerhoff, (R.), 570; Stevens, (D.), 445; Gray, (S.), 68.

Representative—John W. Davis, (R.), 665; Wm. O'Neill, (D.), 502; P. Dodds, (S.), 68.

T. C. McNeill, (R.), won out over Wm. Preece for sheriff by 240 votes.

Mrs. Warren Foster, recorder, is the only Democrat elected.

Mr. Peter Hanson, (D.), breaks even with J. C. Hacking for county clerk, but the votes from the two precincts over the mountain, it is conceded will give Hacking a safe majority.

N. G. Soward, (D.), beats Frank M. Young, (D.), by 3 votes for county superintendent of schools.

The Republicans are rejoicing, for this is the first time they have won out in the county offices. The Democrats have held the clerkship, county attorney, recorder, treasurer and assessor, heretofore.

Mr. Peter Hanson has been clerk for 12 years. Mr. Preece sheriff for 10 years. Mr. Herbert Tyack assessor for eight years, and Mr. John Pope has been a county officer off and on for 18 years.

Uintah has held out Democratic for a long time and the Republicans have worked assiduously for years to bring Uintah into line.

When the "News" came tonight eager crowds gathered round to get the results from various states, and cities. The chief interest was in Salt Lake county, Idaho and Colorado.

The "Tribune" claimed the election and the pro Americans tried to claim the election for the "American" party, but the "News" coming 12 or 15 hours later from the press and reaching Vernal at the same time put new light on the question.

The "Americans" are practically all in Uintah county, two or three votes being cast.

The Socialists have gained some. Judge Frost and some others had some telegraphic returns sent in at considerable expense, and they were posted in Lloyd's Drug store for the public.

MORGAN.

The Result of Tuesday's Election Somewhat Mixed.

Special Correspondence.

PANGUITCH.

News Notes From Garfield's Principal Town.

Special Correspondence.

Panguitch, Garfield Co., Nov. 7.—Election day was ideal and passed off very quietly in this precinct. There was but one Mexican vote cast, most of the citizens holding strictly to the old parties.

Farmers are rushed getting ready for winter.

The Social hall will have the roof on in a few days. Efforts are being made to have it ready for use by the holidays.

There are several severe cases of typhoid fever in town.

Nephi Madsen of Monroe is at the hospital, where he has just gone through an operation whereby he lost one of his legs due to tuberculosis of the bone. Mr. Madsen has been here since last July under Dr. Clark's care, but all efforts to save the limb were futile.

Mrs. Ethel Henri was successfully operated on by Dr. Clark Monday last.

Last Saturday a messenger came post haste from Kanab, summoning Dr. Clark to the bedside of Mrs. Pratt, who was critically ill. The doctor reached there in time to save the ladies' life for a time at least by performing an operation.

The telephone line is completed as far as Orton, 10 miles below here, and will be completed through to this place by Saturday next. Efforts are being made to push the line on through to Kanab this winter.

THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Poley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs. It is recommended by the National Pure Food and Drug Co. For sale by J. H. Hill Drug Co.

ELSINORE.

REPUBLICAN VICTORY.

Prof. Lyman Lectures on Higher Education.

Special Correspondence.

Elsinore, Sevier Co., Nov. 11.—The election resulted in a big Republican victory in this town.

Prof. Richard R. Lyman of the University of Utah addressed a large audience on the night of the 4th on higher education.

Ward conference was held here Sunday, Nov. 11. Members of the stake presidency were present.

HUNTSVILLE.

ELECTRIC LIGHT SYSTEM.

To be Installed by Christmas—Allen-Berlin Nuptials.

Special Correspondence.

Huntsville, Weber Co., Nov. 12.—Mayor L. M. Nelson has placed an order for \$2,000 worth of wire, with which to wire the houses in town, and to have the electricity brought from the power dam in Ogden canyon to Huntsville.

Some of the city fathers say we shall have the electric lights here by Christmas. People in general are delighted with the prospect.

The old rock meetinghouse is being thoroughly renovated by Schade Brothers and Adam L. Peterson, with a view of making it an up to date opera house. The stage is nearly completed and the work of putting in a balcony has begun. The above named gentlemen, voluntarily advanced the means to make the house what it will be, without charging the town anything. They will wait for their money until the house starts it.

ALLEN-BERLIN NUPTIALS.

David A. Berlin, one of Huntsville's promising young men, took unto himself a wife last Wednesday in the person of Miss Agnes Allen, one of the town's most promising damsels. They were married in the Salt Lake Temple and will make their home in Huntsville.
